Audio Visual Services & specialists in equipment for the hard of hearing

COUNTER LOOP SYSTEM

Newtech Southern has designed the counter loop system specifically for reception and cashier desks. It gives hearing aid users the ability to hear staff loudly and clearly, avoiding confusion and embarrassment. Customers simply switch to the "T" setting on their hearing aid to hear the assistant. Background noise is eliminated, allowing the transaction to be completed in a relaxed and pleasant manner.

Supplied with:

- **Model 300 loop amplifier**
- **12v Power supply adaptor**
- **Newtech loop matt**
- **Desktop microphone and mini-stand**
- **Loop signage**
- **Loop listening test unit (optional)**
